

This guide should be used to make your experience bringing a trip to Georgia Aquarium a breeze!

Below, you'll find important information on Georgia Aquarium's facility and policies.

If you have any questions, regarding your group's field trip or your schedule for the day, please reach out to the group leader planning the trip.

Tickets

All adults need to purchase a ticket in advance and the entire group must be present in order to enter the building. Your group leader will let you know how to purchase tickets. If you've purchased your ticket online, it will be emailed to you. If you've purchased your ticket through the school, the group leader will have a physical ticket for you. Once you have your ticket, you will enter through the Education Entrance on Luckie Street.

Meals

Please note, Georgia Aquarium does not allow outside food or drink in the building. Please check with your group leader for your group's lunch plans and any weather arrangements he/she has made.

Programs

Some of our field trips participate in Instructor Led Programs. Because these programs have limited space, there is a limit on the number of adults that can join the group during the program. Your group leader will make the final decision on which adults will be able to join the group during this time.

Arrival Process

When you arrive, your group will be checked in, counted, and led through our Education Entrance. This process can take up to thirty minutes. Please be aware that all groups will go through a security checkpoint. In order to expedite this process, please have bags unzipped and cell phones visible prior to entering the security checkpoint area.
