

# Family Field Trip Days: Instructions

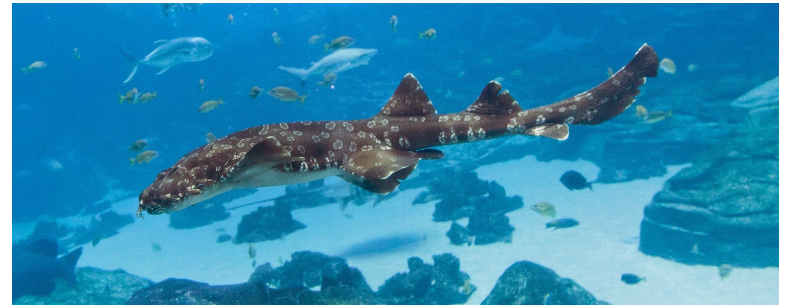

Step 1: Watch "**Shark Diet and Dentition**" and "**Shark's Sixth Sense**" Deep Sea Learning Videos with Georgia Aquarium (Found on the 'At Home Learning' tab of our website).

Step 2: Review "Shark Diet and Dentition" and "Shark's Sixth Sense" Fact Sheets.

Step 3: Visit Georgia Aquarium to complete the questions and activity sheets in this packet!

Step 4: Learn more about the sharks at home through the Georgia Aquarium Website.

# Gallery Scavenger Hunt: Sharks

**EDUCATION**

GEORGIA AQUARIUM

**Instructions:** Explore Georgia Aquarium galleries and exhibits to find the answers to the questions below!

Sharks have a symbiotic relationship called commensalism with remoras. The remoras get a free ride and easy access to food, while the sharks aren't affected. Another type of symbiotic relationship is mutualism. What two animals in Tropical Diver, have a mutualistic relationship?

\_\_\_\_\_

Sharks live in practically every type of water, in Australia there's even a few river sharks, like the speartooth shark. A fish in River Scout can be found in the same waters and regions as the speartooth shark! This fish has black bands and can shoot water at prey to catch it. Which fish is it? \_\_\_\_\_

This shark in Ocean Voyager is heteromorphic, looks physically different at different life stages. Its name comes from its stripes it has as a pup. Which shark is it? \_\_\_\_\_

In Cold Water Quest, this shark when threatened bends its body into a U-shape, grasps its caudal fin in its mouth and swallows a large quantity of sea water, which makes it swell to twice its normal size. Which shark is it? \_\_\_\_\_

Researchers attached satellite tags to whale sharks and were able to discover what four important facts about the shark and water it lives in? \_\_\_\_\_
