

Instructional Segment	Riveting Reptiles	Small Scale Operations
<p>Grades 3-5 Program Synopsis</p>	<p>Reptiles can be found all over the world, with some calling the oceans their home. Reptiles have a wide variety of appearances from turtles with shells on their backs to some reptiles that don't have legs! Students will categorize this diverse group of animals, while potentially interact with these magnificent creatures!</p>	<p>Humans are covered in microorganisms. Even plants and animals are covered in microorganisms. Don't let their small size fool you, they have a gigantic impact on our daily lives. Expand you and your students' knowledge on aquatic microorganisms and their roles in our lives.</p>
