Introduction

We are thrilled to teach your camper through exploration, activities and engaging lessons throughout the week. Summer camp runs Monday through Friday 8:30am to 3:30pm. Campers will visit each gallery and discover the wonderous animals, habitats and ecosystems they represent. All galleries and presentations are included in camp.

We offer three camps each week divided into age specific groups, 5 to 7 years old, 8 to 10 years old and 11 to 13 years old. These camps are tailored to engage each age specific range, so it is important campers are registered to their age-appropriate camp.

We create and foster a fun, safe learning experience. To provide the best experience for your camper we highly encourage you to share any medical or behavioral needs. This information is never shared with other campers or their parents. Additionally, for the safety of all campers and staff, parents or guardians are not permitted to follow or attend camp activities or campers during camp hours.

We strive to instill an inspiration in all our campers to conserve our oceans, waterways and local habitats. Campers are urged to share their ideas and questions about our amazing facility and all that we do.

Camper Behavior Contract

Camp H2O is going to be an exciting and hands-on experience that will leave your camper with memories that last a lifetime! In order to ensure that each camper has a safe and positive experience, we want all of our camp families to understand that the physical and emotional safety of our campers and animals is paramount. To that end, please review this Camper Behavior Contract with your child(ren) or dependent(s).

If a camper is in violation of the behavior contract, the camper may, at the discretion of staff, face consequences up to and including dismissal from camp with no partial or full refund. Bullying of any kind is inexcusable and grounds for immediate dismissal from camp. Georgia Aquarium will pursue the following in the event a camper violates the behavior contract:

**First Occurrence:** The first occurrence will result in a call home or conversation during pick-up with Georgia Aquarium staff. In the case where kicking, biting, or other severe behavior occurs, the child may automatically be given one-day suspension from the program with no refund for that day.

**Second Occurrence:** The second occurrence of severe behavior will result in a conversation with Georgia Aquarium staff and parents, potentially resulting in expulsion from camp without a refund. A member of the management staff of Education will make a final determination for expulsion.
