

GET INVOLVED

Use this card to leave feedback at stores and restaurants where you purchase seafood. Hand it to your server or leave it in your guest check.

YOU CAN MAKE A DIFFERENCE

Worldwide, the populations of many of the fish we enjoy eating are overfished. By purchasing fish caught or farmed using environmentally friendly practices, you can support healthy oceans.

Brought to you in partnership with:

Monterey Bay Aquarium
Seafood Watch

CHEF

As a customer, I appreciate when restaurants make ocean friendly choices and are mindful of seafood that is not caught or farmed in a way that harms the ocean.

- ☐ Thank you for offering ocean-friendly seafood. I look forward to recommending your business to my family and friends.

- ☐ I noticed that some of the seafood you sell is caught or farmed in ways that harm the ocean and the wildlife that lives there.

NOTES

(Include names of seafood you found)
