

Accounting

Senior Manager

Q: Does the job require a degree, certification, or both?

A: Yes. A Bachelor's degree or higher in any subject, and a scuba certification

Q: Is there any way to volunteer or shadow with this position?

A: Yes, any internships with husbandry teams or marine mammals

Q: Are there any internships that help to get this position?

A: Not as a curator, but our team has a trainer internship program

Q: What does your average day look like?

A: A typical day in Accounting would be looking at various statements, analyzing them, and looking into any changes. Towards the end of the month, our day-to-day work also includes analyzing monthly financial statements, making any corrections or adjustments, and finalizing the monthly information. The fun part is getting to see and understand how all the money works in the Aquarium.

Q: What path did you take to get to Georgia Aquarium?

A: I started in one of the big public accounting firms (The Big 4), and then left after a few years and worked in operational accounting (dealing with all the costs and revenues), and moved up through that avenue.

Q: What is your favorite part about working at Georgia Aquarium?

A: Getting to see the animals whenever I can!

Thank You
